**August 28-30, 2020**

**The 33rd Annual Conference of the Eckhart Society**

**High Leigh in Hoddesdon, Hertfordshire**

**When people today feel so alienated and such division in society, Meister Eckhart affords us a way to appreciate the God who is near to us. Through his language, spirituality, and theology this Medieval Mystic allows us to encounter the “God beyond God” and to grow in mystery. This conference will explore the various dimensions of Divine Awareness.**
